Hi Sue, can we reserve the evening of July 12 or 14 for the meeting in Athens, Texas? We'll need the evening from about 5 pm or so. Either date is fine. And is there anything available the week or two after that for the Laredo meeting? That will require a flight, so we would need to block off an afternoon, evening, and the following morning.

Sue, we now will have two community meetings to prioritize—in Athens, TX and Laredo, TX. We would like to plan for Athens to be first. Are these dates still available?

June 28, 30

July 7

July 12, 14

Also, this might be more of a question for Iris or I-Jung, but we'll need to confirm whether she wants to attend the events in Santa Teresa, NM and Ardmore, OK, which will be open house-style with no formal presentation planned.

Jennah, I'm forwarding the Dr. Nance's availability below from my original reach out to Sue.

Sue, HQ recently suggested that Regional OPA Offices lead the scheduling of the outreach events. ARD is glad for Jennah's help.

Sue,

The events are going to be scheduled in the evenings either on a Tuesday or Thursday, from 6-8 pm.
Dr. Nance may want to do an introduction and then kick it off to us.

- Athens, TX is first. 1.5 hr drive from Dallas. That one is a GOV drive.
- Laredo, TX is next. Fly vs. 6.5 hr drive
- Ardmore, OK. 2 hr drive from Dallas.

The last 3 locations:

- 2 Grand Prairie, TX facilities. This is local and an easy drive.
- 1 Mountain Home, AR facility. Near Missouri border. Fly vs 8 hr drive
- 1 Santa Teresa, NM facility. Near El Paso. Fly.

These last 3 bullets covering 4 facilities, we've received new/updated data from HQ.
I would like to discuss with I-Jung the direction of these.

Thank You so much for some dates to work with for our first two, Athens and Laredo, followed by Ardmore.
Please hold these dates and will get back to you soon.

Sue, the HQ rollout of EtO webinars is delayed so I am looping back to you to schedule.

Can you please check Dr. Nance's calendar for her availability for the EtO community outreach on these dates:

June 9

Note these are Tues or Thurs.

We are in need of a couple of early dates as soon as you are able to provide us, to be able to plan with XA and OCTEA.
Thank you
